5 Tasks to Automate in Your Business This Week

Simple improvements that save time and keep customers moving.

01 ANSWER MISSED CALLS

Send an automatic text when you miss a call, or use an AI receptionist to capture caller details.

THIS WEEK Set up missed-call text-back or list your three standard caller questions.

02 SEND APPOINTMENT REMINDERS

Reduce no-shows with automated texts or emails before scheduled appointments.

THIS WEEK Check your calendar or booking system for built-in reminders.

03 FOLLOW UP ON UNPAID INVOICES

Send friendly scheduled reminders with a direct payment link.

THIS WEEK Schedule reminders for 3, 7, and 14 days after the due date.

04 REQUEST CUSTOMER REVIEWS

Automatically invite satisfied customers to leave a review after a completed job.

THIS WEEK Find your review link and draft a short request message.

05 RESPOND TO NEW LEADS FAST

Acknowledge website inquiries instantly and capture every lead in one place.

THIS WEEK Enable form alerts and an automatic confirmation to the customer.
